Flag Pole Topper Kit

www.skmfg.com

1-800-764-8688

Parts:

- 1 White Flag Pole Topper
- 1 Black Flag Weight
- 2 Black Flag Ties

Snap the white topper onto the top of the “A” section of the Tri-Tel Pole.

Slip one Flag Tie through your top flag loop, then around the half-inch indentation on the White Topper and tie. Leave the Black Tie loose enough to spin around the topper and pole. (Cut off the extra black plastic of the tie, if desired.)

Slip the second Flag Tie through the bottom loop of your flag, through the Black Weight loop, and then tie around the pole. Again, leave the Black Tie loose so the flag can easily spin on the pole with the wind. (Cut off the extra black plastic of the tie, if desired.)

Plan Ahead!

If bad weather is predicted, lower your pole and remove the section of the pole with your flag.

What else will fit on your S&K Pole?
