

# INSTRUCTIONS FOR HANGING GOURD BRACKET

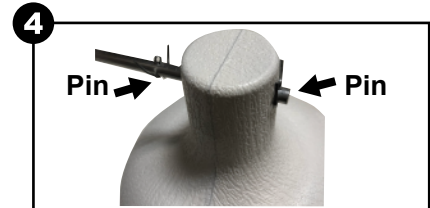

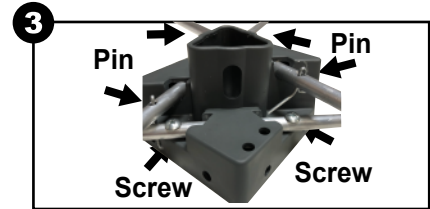

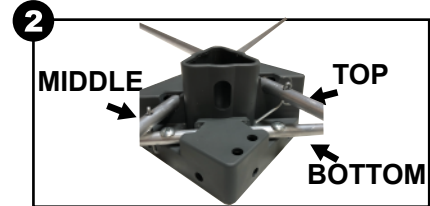

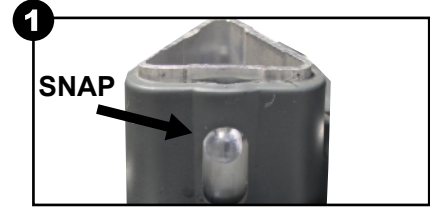

## Parts included in this packaging:

- (18) - Hitch Pins
- (3) - Tubes
- (2) - Screws
- (1) - Block Tube Holder

**Wear eye protection and gloves when assembling the S&K Hanging Gourd Bracket.**

- 1** Slide the block tube holder over the top of the selected S&K Tri-Tel\* or Quad-Tel\* Pole until the block tube holder securely snaps into place. If using a 1.25 OD Round Pole\*, slide the block tube holder over the top of the pole and firmly secure it with a set screw\* and washer\*.
- 2** Insert one of the round tubes into the top opening of the block tube holder making sure the tube has equal length on both sides of the block tube holder. Insert the round tubes into the block tube holder's remaining middle and bottom openings making sure the tubes have equal length on both sides of the block tube holder.
- 3** Install 4 Hitch Pins to secure the top and middle tube in place on the Block by inserting the Hitch Pin into the hole of each tube. Making sure the hitch pins rest on each side of the block holder. Now screw the bottom tube to the block. This will prevent the tubes from unwanted movement, becoming off-center.
- 4** Slide the Gourds onto the tubes, insert a hitch pin in each hole on each tube. Now bend up the hitch pins to hold the gourds in place.
- 5** After all gourds\* are securely placed on the Hanging Gourd Bracket, raise the selected S&K pole and enjoy!

## HELPFUL TIPS:

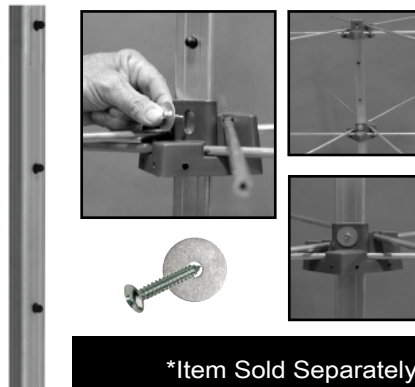

- 1** Using a cup of hot water, carefully heat the plastic Placement Stars before assembling them onto the round tubes.
- 2** Reduce assembly time by using a 9/16" socket\* to help push the Placement Stars onto the round tubes.

## HOW TO ADD ADDITIONAL HANGING GOURD BRACKETS

The "A" section of the S&K Tri-Tel\* and Quad-Tel\* poles have three (3) snaps. If the top snap is already being used, simply slide the already Hanging Gourd Bracket down to the second or third snap and secure your new Hanging Gourd Bracket on the first or second provided snap.

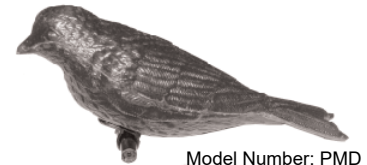

If using a round pole, determine where the new Hanging Gourd Bracket will be placed. Insert the Self-tapping Screw\* through the Fender Washer\* and turn firmly to securely fasten the Hanging Gourd Bracket to the round pole.

If all of the provided snaps are being used, consider manually mounting the Hanging Gourd Bracket using a No. 8 (3/4") Self-tapping Screw\* and a 3/16" Fender Washer\*. Insert the tapping Screw\* through the Fender Washer\* and turn firmly to securely fasten the Hanging Gourd Bracket to the pole.

\*Item Sold Separately

## DON'T FORGET THE PURPLE MARTIN DECOY

Model Number: PMD

Strong and light-weight, this plastic decoy easily attaches to any perching rod.
